

Our material compositions are as individual as your requirements. The ideal composition of polyurethane, resin or rubber with the corresponding grain guarantees the perfect result. Regardless of whether initial equipment, tools with a long service life, economic variants or special glass: you decide what you need, we have the matching series.

## THE DURABLE ONE: SERIES AO – Q

Regular aluminium oxide embedded in an extremely durable polyurethane bond ensures outstanding service lives.

## EDGE PROFILES

Bull Nose

## MACHINES

CNC Machines

## TOOL

|                 |                           |
|-----------------|---------------------------|
| Product :       | ARTIFEX AO - UQ5          |
| Bonding :       | Foamed polyurethane       |
| Grain :         | Aluminium oxide 120   180 |
| Hardness :      | Medium elastic            |
| Colour :        | Brown                     |
| Delivery form : | Peripheral wheels         |
| Dimension :     | Ø 20 - 300 mm             |
